School of Business

The primary objective of the School of Business is to provide a well-rounded professional education for business. Courses and majors designed to meet this objective attempt to provide students with an opportunity to develop (1) a broad background of general business information, (2) an awareness of the social and economic forces shaping the future dimensions of business, (3) an appreciation of ethical and social values in business and (4) some competence in at least one field of business.

The School of Business, through the office of the dean, directs the guidance of students planning to major or minor in accounting, economics, general business, management and office administration.

School of Education

The teacher education function of the university is to equip able persons for entrance into and success in the teaching profession, and thus, to further the education of children and youth in Texas.

Within the School of Education are the following departments: agriculture, elementary education, secondary education, school services, health and physical education for women and health and physical education for men.

All the programs in the university leading to certification for teaching or for school services are coordinated through the School of Education.

School of Fine Arts

The School of Fine Arts, through the office of the dean, directs the guidance of students planning to major or minor in the areas of art, music, speech, drama or speech pathology. The function is done through advising, scheduling, degree planning and final graduation plans. Also guidance is provided for students who wish to broaden their skills and understanding in these areas by electing courses and/or participating in activities.

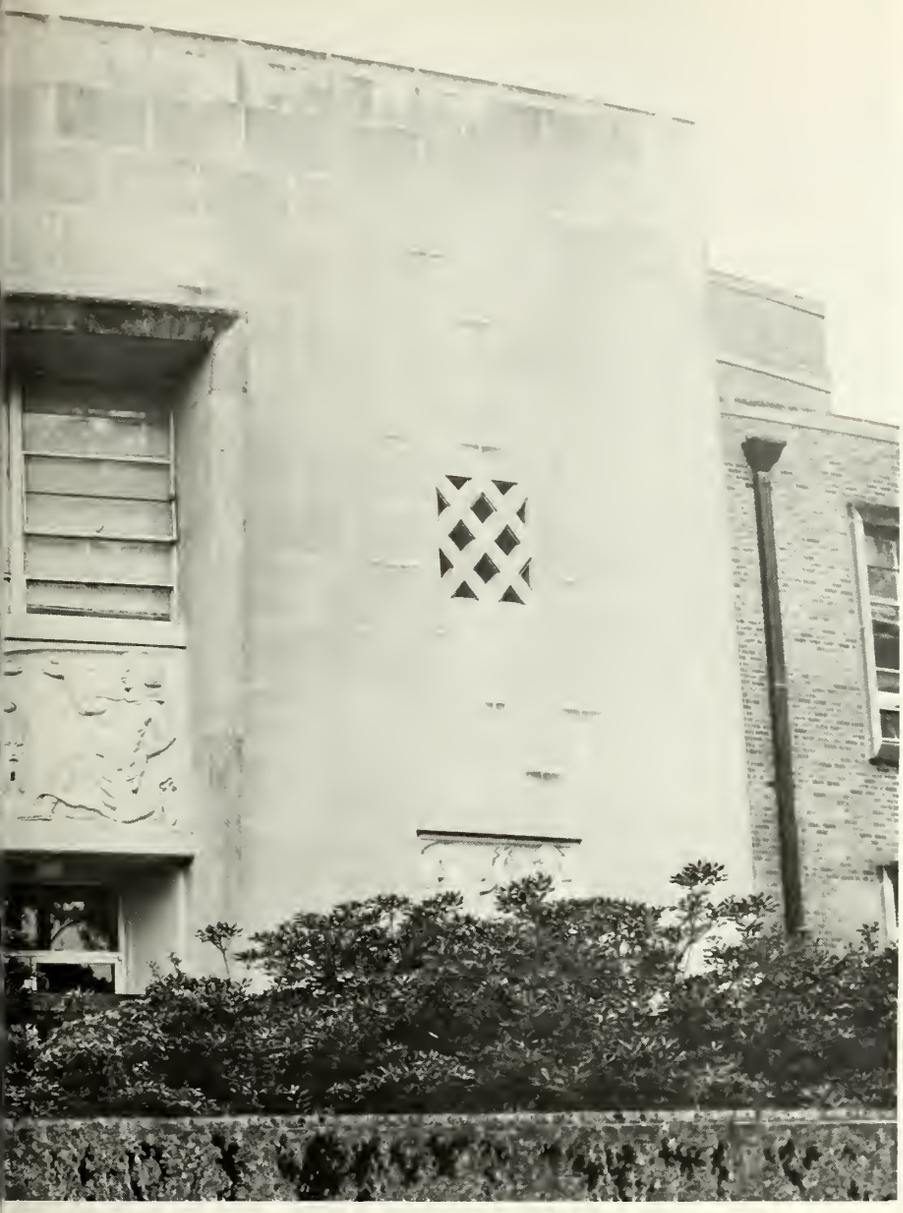

Also the office of the Dean of Fine Arts seeks to promote and foster events in the performing arts which provide aesthetic growth of all students and help maintain a cultural climate in the university.

School of Forestry

Forestry is the management of forest lands for the continuous production of goods and services. Persons trained in forestry are entrusted with maintaining and developing important resources. The main objective of the school, then, is to give a professional education in forestry which will enable graduates to manage forest land for the maximum return of timber and associated products. In addition, the school conducts research contributing to the solution of many forest problems and emphasizing the importance of forest lands and their correct management.

Forestry students are given four options within the curriculum: forest management, forest game management, forest recreation management and forest range management.

School of Liberal Arts

The main function of the School of Liberal Arts is academic. The courses in the school complement those in science and mathematics to form the base of a traditional collegiate education.

A secondary function of the school is administrative. The office of the dean helps any student to solve his problems within the regulations of the university. It supervises, for example, the advising of students who have chosen departmental majors within the school.

Included within the School of Liberal Arts are Bible, English, journalism, philosophy, geography, history, modern languages, political science, psychology and sociology.

School of Sciences and Mathematics

A primary aim of the School of Sciences and Mathematics is to contribute to the liberal educations of all students through the presentation of fundamental concepts and methods of science and mathematics so that students gain a better understanding of the complex cultural patterns of the economic and social forces influencing their lives. Another function is to provide the fundamental education required for professional studies and careers of a scientific or mathematical nature.

The School of Sciences and Mathematics includes the department of biology, chemistry, geology, mathematics, military science and physics. It also provides pre-professional programs for students.

. . . Cheerleaders Keep the Faith

Led by Miss Marilyn Cleaver, Newton junior, the SFA cheerleaders were chosen top squad at the SMU cheerleader camp they attended summer 1970. They received the spirit stick twice, which entitled them to bring it to SFA.

Optimistic outlooks and smiling faces characterized the squad as they boosted spirit for the 1970-71 season.

Other cheerleaders included Misses Carla Pfeffer, Gatesville freshman; Mary Davis, Crockett sophomore; and Karen Breland, Galveston freshman.

Also Pete Gordon, Dallas senior; Mike Thomas, Dallas freshman; Wayne Clamp, Longview senior; and Reggie Bryan, Richardson sophomore.

Cheerleaders are Misses Marilyn Cleaver, Carla Pfeffer, Mary Davis, and Karen Breland and Pete Gordon, Mike Thomas, Wayne Clamp and Reggie Bryan.

Twirl-O-Jacks Keep in Step

Long hours of daily practice were evident as the SFA Twirl-O-Jacks provided the best in half-time entertainment.

The 1970-71 squad included Misses Deena Castloo, Mineola sophomore; Kathy Warner, Carthage junior; Jeane Musslewhite, Troup junior; Nancy Wood, Henderson senior.

Also Beverly Johnson, Mount Pleasant freshman; Ramona Adkinson, White Oak freshman; Deborah Otto, Needville sophomore; Sara Hedrick, Wheelock freshman; Kathy Ward, New Braunfels freshman; and Jan Harris, Troup senior, head twirler.

Jacks Win Cellar Spot

Season Ends 1-9; Head Coach Resigns

Injuries, bad bounces and hard luck took its toll on the SFA football team as the Jacks finished the 1970 grid year with a 1-9 season slate and a 1-8 conference record. The Lumberjacks' one victory was a big one, however, as the Axemen upended previously undefeated Southwest Texas, 21-17.

Though the Jacks finished in the Lone Star Conference cellar, one player was selected to the all-conference first team and two were chosen to the second unit. Rayford Smith, 5'10" — 175 pound safety, was chosen to the first team as a defensive safety. It was the second year in a row for the Alto senior to make the team.

Jim Gaskey, Garland senior, and Carl Simmons, Houston sophomore, were named to the second team. Gaskey made the unit at offensive tackle and Simmons was selected as a defensive guard. Lumberjacks making the honorable mention list included Andy Hopkins, Crockett senior, and Gaylen Ramm, Austin junior. Hopkins plays tailback and Ramm, quarterback. The speedy Hopkins was drafted by the Houston Oilers of the pro ranks.

After the season, SFA head coach Travis "Shorty" Hughes resigned "to give another coach a chance to make SFA a winner." John Levra of New Mexico Highlands was hired to rebuild Lumberjack grid fortunes.

Though the Axemen netted but one win in the 1970 campaign, a number of returning players helped to turn hopes for the 1971 season to optimism. The lumberjacks lost only six seniors off the team and with a number of talented athletes coming in, grid hopes are on the upswing.

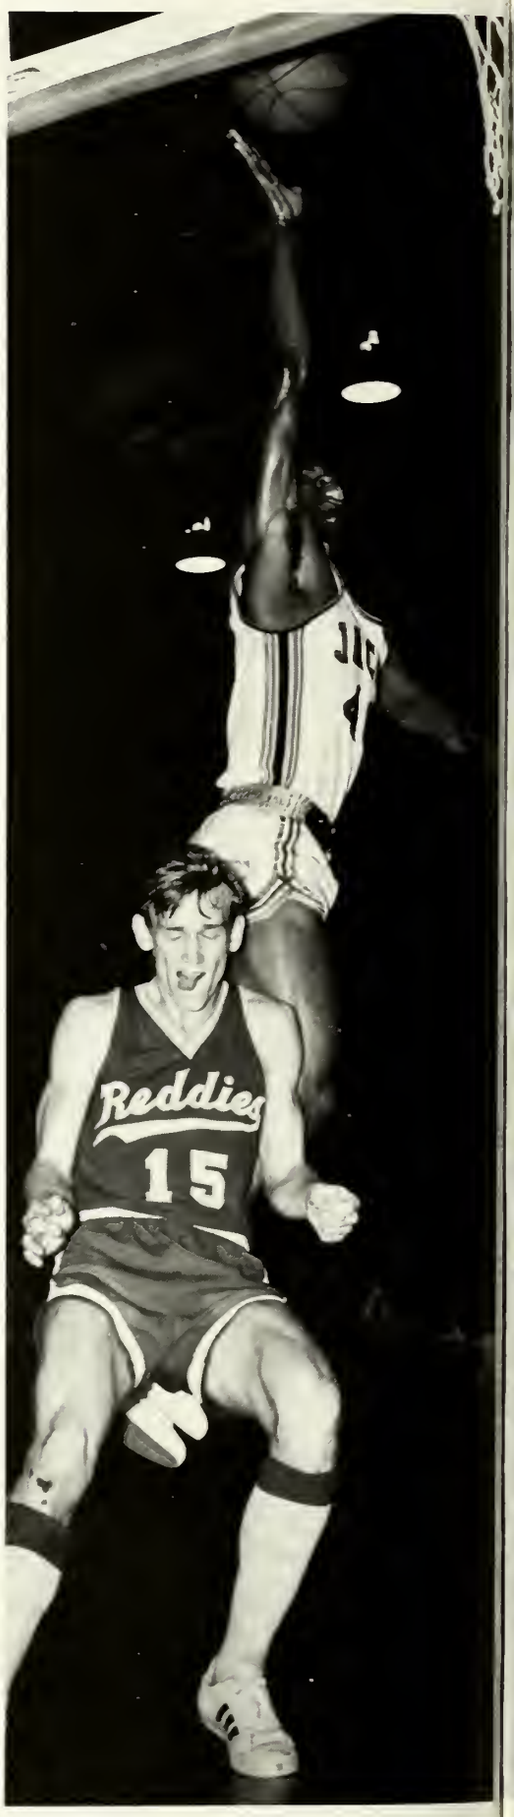

Two new assistant coaches, Lloyd Moore and Cliff Silva, were also added to the Lumberjack coaching staff. Moore will coach the secondary and Silva, the offensive line.

Far left. QB Gaylen Ramm watches and listens from the sidelines.
Left: FB Charles Lindsey scores a Homecoming touchdown against Sul Ross.

The surprising Lumberjacks, in what could have been written off as a rebuilding year, shocked Lone Star Conference cage analysts by winning their second straight championship and advancing to the NAIA playoffs before bowing in the third round.

The playoff loss to Elizabeth City College (N.J.), capped off a 24-7 season slate and an 8-4 conference mark which earned the Jacks a tie for the crown with Howard Payne and Sam Houston.

Lumberjack cage mentor Marshall Brown proved that three times is the charm as he won the flip and the right for the Jacks to play in the Kansas City tourney for the second year in a row.

The Axemen were paced by the talented hands of junior James Silas who won acclaim for the second year in a row on both the mythical all-LSC squad as well as most all-American teams.

Two sophomore transfers, Robert Gords and Pete Harris, also left their mark in Shelton Gym. Harris and Gords, both 6'7" phenoms, were named to the second team all-LSC team.

Other Lumberjacks to make their marks were seniors Harvey Huffstetler and Jerry Meador, as well as sophomore Skip Carleton.
